

THE LIMA TIMES-DEMOCRAT.

CABLE AND TELEGRAPH REPORT OF THE ASSOCIATED PRESS, RECEIVED OVER LEASED WIRE

VOLUME TWENTY-TWO NUMBER 230.

THE TIMES-DEMOCRAT, LIMA, OHIO, FRIDAY, JULY 6, 1906.

PRICE TWO CENTS.

EVERY PUBLIC

Library Should Have In It Books

That Will Help Immigrants to Become Citizens of U. S.

JAMES H. CANFIELD

So Expressed Himself Before the American Library Association.

Books on Technology Should Also Be Added For Working Men.

Narragansett Pier, R. I., July 6.—A recommendation that every public library in this country should be equipped with books intended to help immigrants to become citizens was made to the American Library Association today by James H. Canfield of the Columbia University law library. He said:

Immigration to this country has become so enormous and is affecting so directly all the conditions of urban life that we must stimulate these people by the most rapid movement. There ought to be in every public library in every city of any size at least the classics in several languages, to win the confidence of these people and to draw them to these libraries. Once there, they should find elementary text books in civics and other literature that would be helpful to them in their relations, translated from English into their own language. In other words, securing them as patrons of the public library by their own classics, we should minister to their needs precisely as we minister to the needs of our own people. No such texts exist even in English. It is this very point upon which discussion ought to turn—what this association may be able to accomplish in the way of preparing or securing the preparation of such texts.

Harrison W. Craver, of the Carnegie Library, Pittsburgh, recommended that libraries should equip themselves to service to working men by adding books on technology of a practical type and intelligently selected by some one trained in industrial work. The following officers were elected: President, C. W. Andrews, John Crowe Library, Chicago; first vice president, P. H. Andrews, Albany, N. Y.; second vice president, Katherine L. Sharp, University of Illinois Library, Urbana, Ill.; secretary, J. I. Weir, Albany; treasurer, G. F. Bowerman, District of Columbia public library; recorder, Helen E. Hanes, New York City.

Members of the association council: G. S. Goddard, Hartford, Conn.; T. W. Koch, Michigan State University Library, Ann Arbor; Herbert Putnam, librarian of congress, Washington; Alice E. Tyler, Iowa state library commission, and P. B. Wright, St. Joseph's Public Library, St. Joseph, Mo.

EMPEROR MAKES SHOW OF STRENGTH.

St. Petersburg, July 6.—The impossibility of forming a coalition ministry together with the show of strength developed by the government in the council of the empire, (upper house) evidently has had the effect of temporarily prolonging the life of the Gorenkyin ministry and also has resulted in the postponement of the emperor's contemplated cruise in Finnish waters. In accordance with the decision of the peasant-workers' congress at Helsinki, emissaries have been dispatched throughout Russia to instruct the peasant and proletarian organizations to continue their preparations for an armed uprising but to await the signal from St. Petersburg.

NOTED DOCTOR DEAD.

Washington, July 6.—Dr. C. B. Stiles, of the public health and marine hospital service today received notice of the death at Genoa, of Dr. Fritz Schaudens of the Imperial German health office. He was known particularly for his investigations of malaria.

THEY HANGED HIM.

Lexington, Ky., July 6.—James Parrish, colored, convicted of criminal assault on Mrs. Wm. Wagoner, here 17 months ago, was hanged in the jail yard here today without incident.

SLIGHTLY ILL AT PRINCETON.

Princeton, N. J., July 6.—Former President Grover Cleveland, who is ill at his home here, sent word down from his room this morning to a reporter of the Associated Press to the effect that he had been slightly ill but is feeling better and will be out in a day or two. Dr. Bryant, of New York, Mr. Cleveland's family physician, spent the night at the former's home and returned to New York this morning. Dr. Bryant came to Princeton yesterday afternoon to see the former president but had not been sent for. Mr. Cleveland and the doctor had been on a fishing trip in the south and returned Tuesday. Mr. Cleveland came to his home in Princeton expecting to take a trip to the west, but he was seized with an attack of indigestion. He is subject to these attacks.

CANNOT LOCATE THE SHOT FIRER.

Steuenville, O., July 6.—After a long investigation Coroner Campbell was unable to learn who fired the shot that caused the death of Frank Annibalsara, a miner, in the recent Bradley riot. The coroner says the shot came from a place where guards were located, and he has imparted enough information to prosecuting Attorney Altman to cause the arrest of the guards who were in the place at the time of the riot. Other victims are recovering.

RECORD WAS BROKEN

Loss of Life on the Fourth Almost Equals That of Last Year.

WHILE THE INJURED

Excelled the 1905 List By More Than One Thousand.

Chicago, July 6.—Fifty-one lives thrown away and 3551 persons injured, some of them fatally, is the record of this year's "Glorious Fourth" as completed by correspondents of the Tribune up to an early hour today. The loss of life almost equals that of last year when 59 persons were killed while every record for the number of injured was broken. Almost 1,000 more were in hospitals yesterday or swathed in bandages than on the day following last Fourth. That the death list will continue to grow for several days is indicated by a large number of dispatches recording injuries believed to be fatal. The deadly toy pistols was responsible for a big percentage of the injuries and six of the dead. How many of the injured are infected with the germ of tetanus cannot be estimated.

CLEVER WIRE TAPPER

Information Withheld and False Winners Sent to New York.

MADE A BIG KILLING.

Estimated That They Won Hundred Thousand on Second Race.

New York, July 6.—For the first time in several years real wire tappers were successful yesterday in defrauding betters in many parts of the country. The wire leading into the race track at Windsor, Ont., was tapped, the correct information withheld and false winners were sent to New York, which is a betting distributing point.

It is estimated that from \$50,000 to \$100,000 was won on the second race by agents of the tappers. A great deal of this money was sent back on a horse in the third race. After the result had been flashed to New York suspicions were aroused here and the fictitious race result was held back until the fraud was laid bare. Something like \$100,000 was won by the swindlers in New York on the second race and how much of this went back on the third race is not known, although it is likely that a considerable part of this amount was wagered.

NO ASSESSORS

For Townships Under Ohio Laws.

Startling Discovery Made By Senator Jay F. Laning.

ERRORS COMMITTED

By the Engrossing Clerk of the Senate Just Revealed.

Some Provision Must Be Made to Fill These Ohio Offices.

Norwalk, Ohio, July 5.—In examining the recently issued volume of laws passed at the last session of the General Assembly, former Senator Jay F. Laning, of this city, who is in the legal publication business, made the astonishing discovery that through an omission the office of Township Assessor is virtually abolished. This afternoon he left for Columbus to lay the matter before the proper authorities.

The error was apparently committed in the engrossing of Senate Bill No. 168, which appears upon Pages 171 and 172 of the sessions laws. The purpose of this law was to make the terms of township officials conform to the recent constitutional amendments. Section 1448, before the passage of the new bill, provided for the election of one Assessor for each township in the state, and if the township was divided into two or more election precincts, for one Assessor for each precinct in which an election was held. This has been left out of the new Section 1448, entirely, and a search of the volume fails to disclose any enactment elsewhere providing for the election of these important officials.

The office is named in succeeding Section 1551, giving authority to the Trustees to fill all vacancies in township offices save their own, the Assessor being specifically mentioned. Section 222 of the municipal code, which is in effect almost in its entirety, provides that "all municipal officers and Judges and Clerks of Police Courts and Assessors" shall be chosen in the odd numbered years. But there is absolutely nothing to indicate how many Assessors shall be named.

The custom has been to elect one from each ward in municipalities. At best there is a fragmentary authority for an election within municipalities, but there seems to be none whatever for the townships. Senator Laning will call the attention of the Attorney-General to the matter, as some provision will have to be made for the filling of these responsible positions. Without any legal method for the valuation and return of property no taxes can be collected. It is hoped that a decision can be secured whereby it will be made to appear that there is a vacancy in the office. This will give power to fill the same and thus the matter can be tied over until the General Assembly can meet again in 1908.

The difficulty about this phase of the matter is that the statute is silent entirely, upon the office named, while it mentions all of the other township officials from Clerk to Constable. It may be that the thing is covered elsewhere in the statutes, but the experts have been unable to discover it. As almost every township in the state is divided into voting precincts thousands of Assessors will be affected by this remarkable omission.

ADJUSTMENTS FOR FIRE LOSSES.

San Francisco, July 6.—The Call today says:

"One hundred and sixty-six settlements that have been affected by fire insurance companies indicate that in the business section of San Francisco more than \$100,000,000 will be paid in coin to fire losers on the face of the adjustments made on losses that have already come before committees. The average adjusted loss in the 166 settlements mentioned is \$84,325, the total payments being \$14,000,000. The sound value of 166 properties is given at \$19,000,000 by the adjusters, consequently the reduction for earthquake damage and for all other causes in the adjustments is \$5,000,000.

CIRCUIT COURT

Suspended Sentence Imposed On Toledo Team.

Toledo, July 6.—Circuit court today suspended the workhouse sentences of Messrs. Miller, Watters and Breining, the ice men who have been in jail for two weeks while their lawyers have been fighting to get their case in circuit court. Bond in the sum of \$5,000 was furnished by each of the three men. All the convicted ice dealers have had their sentence suspended and are out on bond. It is probable that the circuit court will not reach these cases until fall.

TAKES A TOSS AT OTHER POWERS.

St. Petersburg, July 6.—The Reich today, discussing the efforts made in the British house of commons, to induce the government of Great Britain not to send a fleet to Cronstadt says: "Whether the fleet comes or does not come the sympathy of England and the English with the struggle of the Russian democracy for constitutional institutions is already proved. The same is true of France. As regards Germany she is sole supporter of the old regime in Russia. Emperor William prefers to maintain the sources of weakness of the Russian state in order to profit thereby. But Emperor Nicholas should remember the danger of outside interference. I was the Duke of Brunswick's threat to destroy Paris if King Louis was to destroy Paris if King Louis was harmed which forfeited the king's head."

LIVES SNUFFED

Out Without a Moment of Warning.

Two Dead and Six Injured By Explosion of Gasoline.

DYE HOUSE IS RUINED.

Flames Burst Forth From Many Places After the Discharge.

Cloud of Steam and Debris Greeted Those First on the Scene.

Saginaw, Mich., July 6.—Two persons were killed and six injured, two of them seriously by the explosion today of a large gasoline tank on the second floor of the boiler house of the Cosendal Dye works on north Jefferson avenue. The dead: E. A. FOEHL, CARL COSENDAI.

The injured: John F. Cosendai, proprietor of the dye works, fatally burned; Louis Cosendai, badly burned; Geo. Siglercord, lacerated and burned about the head; Earl Norris, burned about head, feet and arms, condition not serious; Marie Cosendai, arm broken.

Rufus Newman proprietor of a candy store adjoining the dye works and his sister Hattie, were slightly burned by the fire which broke out immediately after the explosion. The tank of gasoline exploded without an instant's warning and the boiler house was torn to pieces. A cloud of steam and debris ascending from the ruins greeted the eyes of first persons who reached the scene after the explosion. Flames burst forth from a dozen points in the wreckage instantly. The total loss from the explosion is estimated at \$30,000.

APPOINTED WIDOW.

New York, July 6.—In the contest over the will of the late James A. Bailey, the showman, by relatives in Detroit, Mich., Judge Slikman at White Plains, N. Y., appointed Mrs. Ruth L. Bailey, widow of the deceased circus owner to be temporary administratrix of the estate under a bond of \$1,000,000. She will have charge of the estate until the case is settled. Mr. Bailey left all of his property to his wife. The will is being contested on the ground of incompetence and undue influence.

THOS. TAGGART

Is Game Enough to Be a Gambler.

Calls Bluff of New York World Which Asked Him to Resign

AS DEMOCRATIC HEAD.

Mr. Hearst, His Personal Enemy, Is Not Overlooked Either.

Denies There Is Or Ever Has Been Gambling at French Lick.

French Lick Springs, Ind., July 6.—Thomas Taggart, chairman of the national democratic committee yesterday, gave the Associated Press the following statement made in reply to the demand made in the New York World that he resigned the chairmanship of the democratic committee:

"The New York World has allowed itself to be imposed upon by the false and scandalous publications of a rival newspaper whose editor is my personal enemy for reasons best known to himself.

"There has been no raid, nor attempted raid upon the French Lick Springs Hotel, nor has such a thing been thought of, save by Mr. Hearst and his correspondents.

"A building owned by the French Lick Springs Co., wholly disconnected from the hotel property was leased to a party to be used for billiards and bowling alleys with a strong clause against gambling in the lease.

"After a time this tenant permitted gambling. We brought suit for possession on the ground of the breach of that provision in the lease and recovered judgment. He appealed the case and it is pending for trial in the present term of court. The state authorities have supplemented our efforts to recover possession by having that building and that is all there is to the grossly sensational publications in which the World has played credence.

"The French Lick Spring Hotel has not tolerated and will not tolerate gambling in any form on its premises. This is attested in the court records. I regret that the World has seen fit to dignify these atrocious falsehoods by editorial mention.

"The recommendation that I should resign is preposterous. It deserves and will receive no attention."

(Signed) T. TAGGART.

ATTORNEY GENERAL

Takes Exception To Some of Taggart's Statements.

Ind., July 6.—Chas. Miller, attorney general of Indiana, who is here personally conducting the litigation on behalf of the state against the French Lick Springs company and the West Baden Hotel company took exception today to something in the statement made yesterday by Thos. Taggart of the French Lick Springs Hotel company. Mr. Taggart said yesterday that the Casinos were not a part of the hotel property but were under lease to third parties and that suits were pending to cancel these leases because the hotel companies had learned that gambling was being conducted at the Casinos.

Attorney General Miller said: "There are some peculiar features about these 'Two pending' suits to cancel the leases. Why were they brought in a justice of the peace court at 7 o'clock at night and tried with great secrecy and then as quietly appealed to the circuit court, where they have remained covered up and unknown.

"They were brought to meet exactly such a contingency as this and to be dragged out and used as a 'defense' when needed. The leases were made March 15, the suits were brought April 11th, the hearing was at night—a most unusual procedure—and the appeal from the finding of the local justice to the circuit court was made June 15 and all was so quietly done that few seemed to know that any such action had been instituted.

"But the state is under obligations to the hotel companies for those official records, because in their com-

plaints the hotel companies set a ownership to the property and have their petition on the record that the people operating the Casinos have been using them for gambling purposes. Here we have the admission of gambling."

CONTINUANCE GRANTED THEM.

Paoli, Ind., July 6.—Judge Thos. Buskirk has granted a continuance of the French Lick and West Baden Hotel cases till July 13th on the request of the hotel companies. Attorney General Miller agreed to this on the promise by defendants that in the meantime no gambling would be allowed at either place.

Many additional affidavits were filed today against the given Casino attendants who were arrested when the raids were made. The total number of affidavits against them are now seventy-two.

Counsel for the hotels claim that the hotel companies claim that the hotels had no control over the casinos at all, that the ywere leased to a third party for a number of years.

AUSTRIAN A WELCHER.

San Francisco, July 6.—The Examiner says: "The Austrian-Phoenix, an old established insurance company of Vienna, Austria, has so far not offered to adjust a single loss nor has it even admitted liability, although its policies are of standard form and contain no earthquake clauses.

A FINDLAY FIREBUG

Has Put the Whole Town Into a Condition That Is Nerve Racking.

THREE FIRES AT ONCE.

Coal Oil Was Used In All Cases By the Man to Start Fires.

Findlay, O., July 6.—This city is greatly excited over the act of fire bugs last night. Several places were set on fire and an effort made to prevent all the departments from reaching a burning building.

The plant of the Child Brick and Tile Works was set on fire about 9 o'clock. While the firemen were going to that fire an alarm was turned in from a different part of the city. There was no fire in the vicinity, and the false alarm was undoubtedly turned in to delay work on the Child plant blaze. The loss by this fire was about \$9,000.

A little later a man was seen sitting fire to Wm. Treese's barn but he made his escape. The barn was destroyed. Ten minutes later S. T. Lamb's barn was also set on fire, but little damage was done.

Coal oil was used in all cases to start the fires. The state fire marshals office has been notified.

HE LEFT NO ESCAPE

Chicago Judge Instructed Jury to Find Defendants All Guilty

ON EIGHT OF COUNTS.

Chicago and Alton Railroad and Two Officials the Defendants.

Chicago, July 6.—At the opening today of the trial of the Chicago and Alton road and two former officials of the company on the charge of rebating, Judge Ladis announced that he would overrule the motion of the defense that the jury be instructed to return a verdict of not guilty on eight out of ten of the counts in the indictment.

Judge Ladis held, however, that the ninth and tenth counts in the indictment were defective and that no conviction could be had under them. These two counts charged the defendants with rebating because they had refunded passenger fares to employees of the Schwarzschild and Sulzberger. The court then declared that the defendants have evidently been guilty of rebating and directed the jury to retire and find a verdict, giving instructions, however, that a verdict of not guilty should be returned as to the two last counts.

The jury retired and after about an hour and a half returned with a verdict of guilty on eight of the counts and a verdict of not guilty on the two last counts.

NEW ZEALAND

Held Up As An Object Lesson to U. S.

Premier Sir Joseph G. Ward, of That Country, Interviewed.

TALKS ABOUT TRUSTS

And of Remedies Applied to Such Oppression In His Country.

Would Like to Exchange New Zealand Wool For Our Products.

New York, July 6.—Sir Joseph G. Ward, premier of New Zealand, who with his wife and daughter is on his way home from Europe, was asked yesterday in course of an extended interview what action would be taken in New Zealand if an ice company increased the price of the commodity to the consumers to obtain more than a reasonable profit. He said:

"The solution of that problem is simple. If any man or company should buy up all the ice plants, control the supply of ice on hand, and then push up the price to consumers, we would immediately build ice plants and give the people all the ice they wanted at a fair price and small profit. Should a similar condition arise at home in the coal industry we could put it down quickly."

When the question of government regulations of railroads came up Sir Joseph said that regulation to control roads and other great aggregations of wealth which oppressed the masses would have to be drastic to be effective. He suggested as a remedy extensive publicity obtained by an impartial and thoroughly honest system of investigation. Concerning the operation of railroads in New Zealand the premier said:

"We have the largest per capita of wealth in the world in New Zealand, and we have proportionately the lowest rate of taxation. We have the cheapest public utilities and probably the most efficient. Our railroads haul people cheaper than any in the world, and nowhere are the railroads operated more economically. Whenever we find that public utility is earning more than 3 1/2 per cent we reduce the charges to the public."

Sir Joseph made a plea for closer commercial relations between the United States and his country, saying: "I can speak with the responsibility of a prime minister for my country when I say we are quite prepared to enter upon a commercial treaty with the United States to let you have our wool of which we have a surplus and to take American products in exchange. I would be ready to discuss the proposition with gentlemen with responsible position in this country even before I go back to New Zealand."

MRS. THAW'S MA TO HAVE HER SAY.

Pittsburg, July 6.—Mrs. Chas. J. Holman, mother of Mrs. Harry K. Thaw, broke silence today for the first time since the killing of White, and in a short statement issued to the press made denial of many stories printed in Pittsburg and New York papers. In the statement Mrs. Holman says:

"I never introduced by daughter to Stanford White. I never took her to theatre managers. I accompanied her as I would not permit her to go alone. I have been greatly misrepresented. My story will be told at the proper time. I am not in strict seclusion. I have received all friends but denied all reporters."

CARRIED MESSAGE FROM THE QUEEN.

Salisbury, Eng., July 6.—At the request of Ambassador Whitehead Reid, Mr. Swalm, the American consul at Southampton yesterday evening visited the infirmary here and read Queen Alexandra's message to the Americans who were injured in the railroad disaster. Mr. Swalm announced that during the day, the remaining bodies with the exception of four would be shipped to New York, July 7th.

The bulletin issued this morning at the infirmary says that Robert S. Critchell, of Chicago, passed a restless night and that Mr. Sentell, of Brooklyn, is some better.

SUDDEN DEATH

Of Mrs. Estella Hall, at Alliance,

Was Announced to Relatives By a Message Received Last Night.

OVER IN SOUTH LIMA.

St. John's School Sisters to Enjoy a Vacation From Their Labors.

Brief Mention of Happenings In South Lima. Personals.

Messages were received by the Kosuth, Monroe, Arnold, Hodde families and Mrs. Bell Rice last night announcing the sudden death of Mrs. James Hall, at Alliance, O., but particulars of her demise have not as yet been forwarded.

Mrs. Hall was the eldest daughter of Mr. and Mrs. Isaac Monroe, also of Alliance, but both families were for several years citizens of Lima, living on south Main street. She was about 23 years old, and for the past few months had been having poor health, but her illness was not thought to be of a serious nature.

The funeral and interment will be held at Alliance some time Sunday.

Will Have Vacation.
On Monday the Sisters of St. John's schools will leave Lima for Mt. St. Joseph, in Hamilton county, near Cincinnati, where they will spend their summer vacation, after a year of hard and faithful labor. The visiting

A New Industry.
Messrs. McQuinn & Higgins of Forest Ohio have opened an egg and poultry house at 114 east Spring street with Frank Higgins also having with the St. Thomas company for the past three years as manager.

Brief Notes.

Rev. F. G. Rupert yesterday attended the funeral of a sister of Rev. Fr. Albert Zemp of the New Cleveland parish, the sister, northwest of Lima. Deceased's name was Miss Rosa Zemp.

Chas. Gilmore of Portland Ind. called on his brother L. S. Gilmore of south Main street, this morning. This morning J. J. Poage, of McPherson avenue, left for Harrison, Tenn., to attend the funeral of a brother, S. H. Poage.

Last evening W. T. Agerter's black team hitched to a phaeton, made a lively runaway and caused a little excitement. The horses started at Vine street, and were caught at the bridge. Nobody hurt.

Dowagiac, Michigan, relatives are being visited by Mrs. G. J. Stranahan and daughter, Mrs. M. G. Harper, of south Main street.

The Daniel Rowlands home on south Main street, is being visited by A. D. Rowlands, and Mr. and Mrs. Chas. Rowland and daughter, of Mansfield, and R. E. Rowlands, of Dayton.

Mrs. W. C. Arnold, of Fairview avenue, is on the sick list.

Mrs. George Gross, of 419 west Kibby street, and Mrs. Garland, went to Spencerville this morning, to visit the former named lady's parents.

Wm. Bice, of west Kibby street, is critically ill with liver trouble.

Mr. and Mrs. Wm. Smith, Mr. and Mrs. Jacob Rise, Mr. and Mrs. Samuel Rise and Mr. and Mrs. Chas. Rise, have returned from a several days outing at Lake View.

PUBLIC DANCES AT McCULLOUGH'S MON., TUES. AND WED. EVE.—SKATING THURS., FRI. AND SAT. EVE. 30-21

See What Townsend has.

WILL HE VETO IT?

Mayor Robb Has Not Yet Signed the Pine Street Ordinance.

BRICK IS PROVIDED

For the Improvement From the Bridge to St. Johns Avenue.

Does Mayor Theo. D. Robb intend to veto the resolution passed by the City Council to pave South Pine street from the bridge to St. John's avenue?

A number of city officials seem to think he will, but his intentions are not known. The council has passed the ordinance to improve the thoroughfare with brick, and notices have already been sent property owners, but the mayor has not yet attached his signature to the ordinance. If his intentions are to veto the measure, he will likely, as he always has, present some good reasons, which will be probably financial. However, the improvement was not sanctioned by the City Council until it came in as a recommendation from the finance committee.

PRIEST PLAYS THE GOVERNMENT.

St. Petersburg, July 6.—During the debate in the lower house of parliament today on the Balyastok report on orthodox priest, Father Aranasoff, a radical member from the Don province fiercely denounced the policy of the government which, he declared, instead of being directed to pacifying the country seemed to be deliberately provoking anti-Jewish riots and every manner of class and race strife by the spread of proclamations against the Jews and revolutionists.

PUBLIC DANCES AT McCULLOUGH'S MON., TUES. AND WED. EVE.—SKATING THURS., FRI. AND SAT. EVE. 30-21

SIGN OF CRIME SCARED POLICEMEN.

Warsaw, Russian Poland, July 6.—The sign of crime and terrorism is so great here that the police have decided to resign. A few days ago, as a measure of protection against assassination by the revolutionists the system of police beats was abandoned and the police were formed into patrol for mutual self protection against bomb throwing etc. But this only made it easier for the terrorists to shoot them. The governor-general, when apprised of the decision of the police to resign, threatened to arrest and punish those who failed to appear for duty.

Saved His Comrade's Life.
"While returning from the Grand Army Encampment at Washington City, a comrade from Elgin, Ill., was taken with cholera morbus and was in a critical condition," says Mr. J. E. Houghland, of Eldon, Ia. "I gave him Chamberlain's Colic, Cholera and Diarrhoea Remedy and believe saved his life. I have been engaged for ten years in immigration work and conducted many parties to the south and west. I always carry this remedy and have used it successfully on many occasions." Sold by all druggists.

COMBS IN ROLE OF PEACE MAKER.

Washington, July 6.—The state department has been notified through a cablegram from American Minister Combs dated yesterday, at Guatemala City, that efforts are being made to prevent hostilities between Guatemala and Salvador as a result of an alleged breach of neutrality by Salvador during the progress of the insurrection, which has just failed. Mr. Combs says that Senor Paez, a special envoy appointed by the president of Salvador is already on his way to this city and he (Mr. Combs) is about to leave immediately for Washington to confer here with Senor Paez and the officials of the state department. He will endeavor to bring about a peaceful settlement of the difficult. Meanwhile the government of Guatemala has agreed to suspend preparations for war with Salvador pending the conclusion of the peace conference at Washington.

FLINT IS OUT

Official Announcement
from President.Players Will Go to Kokomo
Making Circuit Again
Complete.

MARION PLAYS GAME

Under Capt. Bert Dennis
Who Is to Open Sea-
son Today.Short Railway Jumps, New
Towns and Better Ball
Will Be On Tap.

After two weeks of indecision, and awaiting the pleasure of Manager Joe Gangel in his effort to transfer the champion Flint team, President E. W. Dickerson has taken final action regarding interstate league affairs, and has declared the Flint franchise forfeited, and the team without protection, because of dues in arrears. Gangel, while here, had a brilliant opportunity to transfer to Marion, O., but he did not wish to give up the string he had on Currie, Catcher Smith, Cy Alberts, Cal Wenger and a few others whom he expected to sell at \$500 each this fall. The Marion business men who were willing to put up cash for his team wanted the team, players and all, and refused to allow Gangel to hold the players as private property for sale at the close of the year. As a consequence he is now down and out, while Kokomo will grab a number of the Flint bunch and expects to open the season as a league member in the next few days.

The official standing of the Interstate League as compiled by President Dickerson up to and including Saturday's games, with the contest since played, appears in this issue of the Times-Democrat. It has been stated that Marion will be allowed to jump into the race with a given percentage of .500, which seems no more than just. At present the old Saginaw percent is given. Flint is still leading with .600, while Lima under such a ruling would be last but have a percentage of .431, within easy halting distance of even the leaders and but three games behind Anderson. Should Lima take the next three from Anderson, both teams will be tied.

Capt. Bert Dennis, formerly with Anderson, played Delaware on the Fourth, with his new Marion team, defeating his opponents 1 to 0. Dennis presents the following line-up, all strangers in the Interstate: Hocan, catcher; Dickett, pitcher; Dalgain, left field; Volk, second; Dorane, in. E. Pitter, third; Francis, right; Whistner, short; Dennis, center.

Regarding the dropping of Flint, President Dickerson writes the following in his paper, the Grand Rapids Press:

"Flint is no longer a member of the Interstate Association for the reason that the owners of the team have not paid their dues in the league, after repeatedly making promises to do so. Several days ago Manager Joe Gangel of the Flint team wired the president of the Interstate expressing a desire to transfer his team to an Indiana city, but he now expects to play independent ball in Flint.

Manager John Gangel of the Grand Rapids team, who has been the angel behind the Flint team, states that he has sunk \$1,100 in the ven-

ture and that he has been unable to get a statement or response to his mail or telegraphic requests to the team owners.

"The baseball fans of Flint will greatly regret losing the team, though it was no fault of theirs. The park was built too far from town for a paying patronage to be expected. Crowds that compared very favorably with those in the other cities of the league marked the Sunday games in Flint, but owing to the suburban park the week day attendance averaged less than 175 a game. That was about enough to pay the guarantee of visiting teams.

"The Flint players will go to Kokomo, which will take Flint's place in the Interstate. The owners of the club forfeit all right to protection for them by failure to remain in good standing in the organization and to fill out the schedule. The business men of Flint subscribed liberally for the building of a new park in Flint as well as helped to pay salaries.

Yesterday afternoon, Harry Kubitz, the big blonde twirler, left for Bay City to play independent ball with Taylor's team there. He had gone to Indianapolis to visit relatives and when he returned to Anderson after dinner he found the team had already left for Lima, with no transportation left for him. He said there was at Marion a ticket for him to Bay City, anytime he wanted to go, and he concluded to go at once. In the ordinary terms of baseball, Kubitz has jumped. In speaking of it yesterday he said: "I am not sure on the management. O'Neill is fine, and I like the players without exception. At Bay City I get more money than I do here."

Lima is in Anderson today and Marion (Ohio) is scheduled to play Marion (Indiana).

YESTERDAY'S GAME

Was Won by the San Felipe Team
From the Marionites.

Two out of the series of three games with the Anderson swatters is the record established by the San Felipe outfit at San Felipe park yesterday and on the Fourth. Little Walter Perdue was on the slab for the local team and he held the visitors down to four hits, one being a double by Fleming to left, which brought in the only run scored by Anderson during the nine innings. Lima scored four runs and piled up eight safe hits off of Fleming.

LIGHT HARNESS PERFORMERS.

Contralto, 2:10, set the Italian trotting record for a mile at 2:09 1/5 at Milan recently.

Harris Wilkes, 2:11 1/4, has not been up to his American form since reaching his new home in Italy.

Charley DeRyder will race his string of California horses on the great western circuit.

The old pacing mare Planet, 2:04 3/4, is being prepared for the local matrons by Richard Curtis at Lexington, Ky. She is now 15 years of age.

Dave McDonald will train Dr. Strong, 2:03 3/4, at Brunots Island, Pittsburg, this season. The Doctor was fired last winter.

The President, 2:03 1/4, is being trained by George Lomis at Hamline, Minn.

Harry Simmons, 2:12 1/4, the bay stallion bought last fall by John Spain, who acted for M. Lamplia, Florence, Italy, died recently. Death was the result of an operation.

It is reported from Wheaton, Ill., where Al Thomas is putting the finishing touches on his big string, that Mainstreet, 2:08 1/2, worked a mile in 2:09 1/2, last quarter in 30 1/4 seconds.

Mersey, Mo. 2:11 1/2, pacing, is charged with a mile in 2:08, last quarter in 30 seconds. Bonanza stepped in 2:12, half in 1:02 1/2, quarter in 29 1/2 seconds.

Chicago has a new half-mile track, which Louis M. Garbow and others have been building near Avondale station of the Northwestern railroad. The track is on a piece of prairie land, level as a billiard table and will prove to be as speedy as any in the state.

CLOSING DAYS

For the Courts With Few
Jury Causes.Delphos Savings Associa-
tion Files Big Fore-
closure Suit.

ONE NOT GUILTY PLEA.

Receiver Named by Consent
For Lima Creamery
Company.But One Remaining Crimi-
nal Case For This
Term of Court.

The closing days of the present term of court are rapidly drawing near. It is already a hard matter to get attorneys ready to try a case, and next week will likely see the last work of the petit jury. But three jury causes are now assigned, all others either having been continued or disposed of. There is no inkling as to when the sentence of Harry Hammond may come. His attorneys have given notice that they will file a motion for a new trial, and the sentence will not be before that time. Judge Cunningham is delving into precedent and the law in disposing of a grist of matters which have been submitted to him, the case of today having been continued in the action yesterday in which G. M. Guthrie was plaintiff against A. C. Shappell and others, a verdict for the full amount was returned by the jury in favor of plaintiff. There is now left but one criminal case for trial, the court refusing to assign any others, as the term is too far along. This is the action against Lovell Goins, set for trial on July 11th.

BIG MONEY SUIT

In Which Loan Company Wants Verdict for Thousands.
Probably the wind-up of the affairs of the Delphos Foundry company will be seen in the big suit filed by Judge Landemann today in behalf of the Delphos Savings & Loan Association against the Delphos Foundry company. It is a foreclosure proceeding on monies borrowed, and judgment is asked for \$16,000 with interest for past several years.

RECEIVER NAMED

Lima Creamery & Cold Storage Company Assets.
On petition of Stern, Horsh & company, a Chicago firm holding a judgment for \$37 1/2, a receiver was yesterday afternoon named for the Lima Creamery & Cold Storage company, Kent W. Hughes being appointed by Judge Cunningham. The petition declares the company insolvent, and the company assents in a pleading joining in the prayer for the receiver.

HE PLEADED NOT GUILTY

Father of Infant Child Denies Allegation of Neglect.
Lawrence McKinley, indicted by the late grand jury for failure to support his seven-months old daughter, Beatrice, was arraigned before Judge Cunningham this morning, and entered a plea of not guilty to the indictment. The action was originally brought in Judge Mowen's court by the mother and wife, Della McKinley. The prisoner was released on previously given bond.

FEES FOR COUNTY AUDITORS

Circular Tells Them How Much They May Take.
State Auditor Guthrie has prepared a circular letter to county auditors, specifically describing how auditors may secure their percentages on school funds under the modification of the supreme court's decree, in the Lewis Hvalicka case, by which it appears that the auditors will not get a great deal. It is only from delinquent school taxes on the 1901 duplicate that they can get anything and only in case there is enough in each school district to pay the whole percentage can't they get all, as an excess in one can not be carried to another district.

EVIL DOCTORS

Have Her in Charge According to Her Belief.
In the probate court this morning Amanda Murphy, aged 34 years, was adjudged insane by Probate Judge Hutchinson. The medical examination conducted by Dr. A. L. Jones showed the patient to have suicidal tendencies while she is profuse in her statements that evil doctors have her in charge, and give her treatments night and day. She was considered too greatly demoralized to be allowed freedom, and Deputy Clerk, Miss O'Brien accompan-

Necessity
Knows No Law

It is imperative that all my CLOTHING and HATS be closed out on or before July 21st. The accomplishment of which necessitates such price reductions as have never been made before in this or any other Clothing store. All Clothing on hand is good style, but it must move, and to make it move quick, I have marked it at 25, 33, 50 and 60 percent of its true value. Remember it is CLOTHING and HATS that must be sold.

Now for a Railroad Story

WE have secured for our readers and will begin the publication in our next issue of an exciting railroad story by Vaughn Kester

The Manager
of the B. & A.

Illustrated by Barker

"From the running of the shops, the dispatching of the trains and the routine of the ticket office," says the Chicago Record-Herald, "to strikes and their reflex action, the writer has all the workings of the railroad at his finger tips."

Railroad People in Particular will appreciate the breadth of the writer's experience."

The Manager of the B. & A. Will Begin in Our Next Issue Don't Miss It

Praised by the Press

We cannot give our readers a better idea of the story within the limits of this advertisement than to quote the following press notices which we heartily endorse:

Takes Hold of the Heart
Mr. Kester has written a clean, wholesome story that takes right hold of the reader's heart.
—Minneapolis Tribune.

One of the Best
One of the best stories in the series of novels of American life to which it belongs. It is told in a direct, manly style.—Outlook.

Mainly Hero
The story is interesting from beginning to end and one lays the book down, glad to have added to one's acquaintance so true and manly a hero as the manager of the B. & A.—Book World, New York.

Full of Dramatic Interest
The wild dash of the rescue train through the blazing forests is full of dramatic interest.—Brooklyn Eagle.

ARMY BECOMES MOB.

When an army loses its discipline it loses its value. It becomes simply the most dangerous of mobs because of its training in the use of deadly weapons. The report of the committee of the House on the Balaclava massacre states that several Russian officers honorably distinguished themselves by trying to stop the slaughter of the Jews, but in every instance the soldiers defiantly disobeyed them. When soldiers have reached the point where they elect

what order they will respect and which of their officers they will obey the only safe course for society is to arm itself to enforce the disbandment to the army. The Russian soldiers are following the precedent of the French army of the revolution very closely.—Boston Transcript.

S.S.S. RIDS THE SYSTEM
OF MALARIA

The healthy color of the skin is given to it by the millions of little red corpuscles in the blood. These are the carriers of nourishment, health and strength to all parts of the body—in other words the very life of the blood. When the germs of Malaria get into this vital fluid they destroy these corpuscles and rob the blood of its rich, life-sustaining qualities, rendering it thin, weak and watery and unable to supply the system with the needed strength to resist disease. Then the symptoms of Malaria such as pale, sallow complexion, weak vitality, poor appetite, deranged digestion, a fever, "let down" condition of the system, and perhaps chills and slight malaria, must be removed from the system through the circulation, and the medicine to accomplish this is S. S. S. It not only cleanses the blood of all impure, unhealthy matter, but rids the system of Malaria, and restores the blood to a strong, healthy condition. S. S. S., besides removing the germs of Malaria, builds up and gives tone and vigor to the entire system by its tonic effects. Malaria is a blood disease, and S. S. S. cures it because it is a perfect blood purifier. Book on the blood and any medical advice without charge.

The world will rejoice with Alfred
Dreyfus, when France gives him com-
plete reparation for all the wrongs he
has suffered through her.

It is almost a daily story for an
electric traction line to go into the
hands of a receiver. It has been said
that electric traction will be repre-
sented that electric traction cannot pay
dividends on watered stock, and that
charges on excessive bond issues, any
other, in fact not as well as the
steam roads.

The receiver is a part of the avowed
policy of nearly all transportation com-
panies.

A RATIFYING AFFAIR.

Brother Campbell got a cross on his
editorial wire this morning. In his
leader, an article on the approaching
republican state convention he says:
"The machine" will have no strings
on the convention this year."

On the same page the following was
discovered:
"Dick, Foraker and Harris expected
to meet to fix up a state."

"A mysterious conference of Ohio
Republican leaders was held in New
York today and continued Friday at
which important questions of State
policy and plans for the State conven-
tion and the campaign will be settled."

"Senator Dick left Washington for
New York last night and will be party
to the conference, but he would not
state who the other conferees will be.
Senator Foraker will probably find it
convenient to get into New York from

INDIANS AND POLITICS.

The creation of the new state of
Oklahoma, including, as it will, the
Indian Territory, will do much to im-
prove the condition of the Indians,
says the Boston "Globe." The Indian
Territory has about 92,000 Indians,
and as they are to become citizens of
the new state, residents of other com-
monwealths, and especially politicians
will take a keen interest in their fu-
ture actions.

As regards the politics of these In-
dians, who are known as the Five
Civilized tribes—the Cherokees, Choctaws,
Chickasaws, Creeks and Seminoles—several of the chiefs are said
to be staunch democrats, and it is
claimed that on a full vote among the
electors of the 92,000 members of the
Five tribes the democrats would prob-
ably have a majority of several thou-
sands.

Among the whites of the territory,

who outnumber the Indians 5 to 1,
the democrats also have a majority.
It is said that in the Oklahoma end
of the new state the republicans lead,
but not to such an extent as to over-
come the democratic margin in the
Indian Territory. This may mean that
the Indians will have one or more rep-
resentatives in the national house of
representatives and possibly a seat in
the senate.

The political situation, therefore, in
Oklahoma hereafter will be one of con-
siderable interest to political man-
agers, particularly in presidential
years.

A state's electoral vote, however
small, is not despised. The three
electoral votes of Colorado, which was
admitted to the Union by the democ-
rats in congress with the belief that
it was democratic, elected Mr. Hays
in 1876 if he was elected at all.

The republican state convention
will be dominated by the old Hanna
gang as usual. That accounts for the
selection of Herrick as temporary
chairman.

Findlay had two fires Tuesday, the
loss reaching into hundreds of thou-
sands. Her newspapers lay the blame
to the inadequacy of the fire depart-
ment's equipment.

THE OHIO SUN.

THE OHIO SUN, an independent newspaper, published every morning in Columbus, is a new candidate for favor with the people of Ohio.

The paper is under the business management of Mr. C. C. Philbrick, one of the best known publishers in the state, and the managing editorship has fallen to the care of Mr. Bart Howard, one of the brightest and best journalists in the country.

The SUN has a wide field and it is entering it at the opportune time.

The day of the hide bound political press is about over.

The people are growing independent in political action.

The best daily journals are cutting off the machine yoke and this means better men in official places, and as a necessary sequence—better govern-
ment.

The Times-Democrat extends to the OHIO SUN, its owners and managers, congratulations on its auspicious launching into the journalistic sea. Its splendid appearance, excellent news service, the ability shown in its matter, and the absence of anything yellow.

There is but one thing that can make it other than a success.

Morning papers are rapidly becoming obsolete.

BIG INCREASE

Made In the Water Works Department Receipts

The improvement made in the municipal government of this city since it fell into democratic hands is favorably evidenced to the tax payers by the figures which show a heavy increase in the earnings and collections in the water works department, now under the general supervision of the board of public service and secretary Wm. Regan. The collections for the first six months of last year aggregated \$18,798.97, and the collections for the same period of the ensuing year reached the sum of \$28,443.72, showing an increase of \$9,650.65 for this year over the first six months of 1905.

The operating expenses of the department for the first six months of 1906 amounted to \$10,417.74 and the operating expenses for the same period of this year aggregated \$9,200.78, making the net increase in the earnings of the department for the first six months of this year over the first six months of last year aggregate the sum of \$19,862.61.

July Clearance Sale

We have every reason to believe that the success of former sales will be eclipsed by this one; if completeness of stock, high quality and low price have any influence, then our expectations will be fully realized. This is a sale of our regular stock garments and not pieces bought for SALE purposes; the growth of our business the past year has induced us to carry heavier stocks, and this means more goods for clearance.

Silk Eton Jackets.

Black silk etons with cream lining, neatly stitched and braided, \$5.00 kind. Now \$3.34.

Etons that were \$6.00. Now \$4.00.

Eton jackets that ranged as high as \$18.50 are now one-third less.

Silk Coats.

Black and colors are included in this sale; some are fitted jackets, some are semi-fitted, some long loose coats, lined, half lined, and unlined. They were originally priced \$10.00 to \$35.00. Now one-third less than regular.

Cloth Coats.

\$5.00 semi-fitted covert jackets. Now \$3.75.

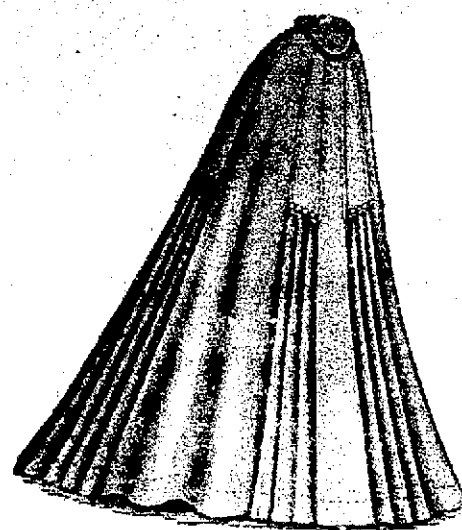

\$6.00 fancy mixture box coats. Now \$3.75.

\$8.50 fancy mixture box coats. Now \$6.37.

\$12.50 "Wooltex" covert, lined box coat. Now \$8.37.

\$16.50 Prince Chap fancy mixtures. Now \$12.37.

All other black or colors to \$35.00. One third less than regular price.

About 150 cloth skirts in black, plain colors and fancy mixtures, prices have ranged from \$6.00 to \$10. They are gored circular, plait, full circular, yoke effect, etc. On these will be a clearance price \$3.69.

Another lot of panamas, serges, mohair and fancy mixtures; in e ideas in skirt construction are characteristic of this assortment, many skirts are of the \$12.50 class. Clearance price \$4.95.

Special features in this clearance of skirts will be a gored circular fine quality of panama, milliner folds at bottom, a \$12.50 value. Clearance price \$7.50.

A dark grey gored circular skirt of fine panama; inverted box plaits, wide milliner folds, value \$13.50. Clearance price \$8.50.

\$13.50 plaid and small check skirt of panama, and fine worsteds at clearance price \$8.50.

All this season's black silk skirts that were special values at prices asked and that ranged from \$8.50 to \$16.50, are at a clearance price 1/3 less than regular.

Cloth Suits.

In our line of suits are many styles that will be shown by manufacturers for the coming fall season; we've etons, prince chaps, 22 and 24 inch jackets and semi-fitted coats in plain colors, black and fancy mixtures; the regular prices ranged from \$11.50 to \$45.

ANY CLOTH SUIT 1/2 REGULAR PRICE.

All alternations on suits will be made during July without charge.

Misses athletic suits, were \$12.50. Now \$6.25.

Misses Eton suits, were \$15.00. Now \$7.50.

Misses jacket suits, were \$16.50. Now \$8.25.

Ladies' eton panama suits, were \$16.50. Now \$8.25.

Ladies' jacket suit black and colors, were \$18.50. Now \$9.25.

All others in proportion.

Silk Suits.

Our jacket suits and shirt waist suits in plain colors and fancy checks at quick clearance prices.

Black moire eton jacket suit, was \$55. Now \$35.

Black taffeta shirt waist suit, was \$50. Now \$30.

Nile moire eton suit, was \$37.50. Now \$22.50.

Cream crepe shirt waist suit, was \$25.00. Now \$18.50.

All others one-third less than regular.

SPECIAL LOT SHIRT WAIST SUITS.

Our \$11.50 values in colors and black, are in one lot. Special price \$7.89.

Our special value \$16.50 shirt waist suits are in one lot for quick clearance. Special price \$10.98.

Children's Dresses.

All dresses for children, ages 6 to 14 years, are one-third less than regular.

White lawn dresses, were \$1.89. Now \$1.26.

White lawn dresses, were \$2.50. Now \$1.67.

Swiss dresses, priced to \$15.00. Now one-third less.

Seersucker gingham dresses, plain colors, sizes 6 to 14 years, were 75c. Now 50c.

Gingham check dress, all popular colors, were \$1.29. Now 86c.

All others in like reduction.

SHIRT WAISTS in linen, lingerie silk (except black china) or net waists that were \$1.50 to \$6.00. Special price \$3.95.

G. E. BLUEM,

The Dry Goods, Dress Goods and Suit House.

INTO DOLLARS

Approaching Sixty Thousand and It Will Run.

Contract, Exclusive of Heating, Awarded to Sidney Firm.

FOR FIFTY THOUSAND

Approximately the Contract Was Awarded Lowest Bidder.

Big Crowd Present at the Meeting of the Board Last Night.

Into dollars the new sixteen-room ward building to be erected for the graded school pupils of the west district will surely run, and into many American dollars at that.

Following the estimates of the architects, this paper placed the cost of the new building, on reliable authority at gross \$60,000. From the bids received last night there is no reason to change that estimate. The net bid has never been known to cover complete cost, and while hoping that the Sidney Church company, which was awarded the contract, will be able and will build the new home for ward pupils at its flat offer of \$47,448, exclusive of heating, "extras" will undoubtedly appear which will run the structure near the \$60,000 mark. To the bid at \$47,000 the heating plant is yet to be added, and estimates for this range between \$2,500 and \$4,000 bringing the total at the inception to around \$52,000.

There was a large attendance at the special meeting of the board of education last night, when Clerk Herriett opened bids from fourteen contractors. Val Heil was interested in over half of the bids, and other Lima bidders as well. Contractors from Columbus, Toledo, and other places made offers. O. L. Mowen, who as a member of the firm of Mowen Bros., erected the High school building made a bid complete on the new building of \$60,000. He should be as thoroughly advised as any as to what the cost will be, and his bid opened the eyes of many contractors who were far below him. The bids ranged in price from the lowest that of the Church company to that of Mowen, who was the highest, and all save the Sidney firm were above \$50,000 without the heating plant included. John A. Hima, of Columbus, bid \$51,750; John G. Schmidt, Toledo, \$53,011; John G. Unkefer, Dayton, \$52,276; A. O. McKinney, \$52,803; Ruben & Miller, the local contractors, bid \$57,496; C. S. Lathrop, \$57,117; and Newmar & Hemmert, Wapakoneta, the second lowest bidders, offered the work at \$49,895.89. None of these bids included a heating plant.

Local Contractor Won.
There were three bids on the heating plant, so stated as to offer no true estimate as to what the plant will really cost. The Columbus Heating & Ventilating company, wanted the work at \$3,151; the Peck-Williams company, at \$3,180; and Theo. D. Scheide, Lima, put in a mixed bid at \$2,762. Mr. Scheide was awarded the contract. Current bills were allowed by the board before adjournment in the sum of \$104.14. All members were present, and the work of tabulation took until late in the night.

COLUMBIA SHOE STORE

Wishes to announce that they still have hundreds of pairs of fine stylish shoes for women left, at prices cut in two.
We also wish to call the attention of the men to our line of Preston B. Smith \$3.50 and \$4.00 shoes, all styles and leathers, that we are closing out at the remarkably low price of \$2.68 per pair. Anyone in need of footwear will do well to look over our stock before buying anywhere at all in this line.

A Young has opened a feed and livery barn in the old Andy Gullett stand, rear of Lichtenstader's, and can accommodate all comers. Good care guaranteed. With this ad mo.

Hair-Food

Then feed them at once! Give them the trouble with your hair! There is something wrong with the hair-balls. They are slowly starving! Vigor. It checks falling hair, keeps the scalp healthy and free from dandruff. A little of it often does great things for the hair and scalp.

THE IDLER.

Harry Bulger, the comedian of "The Man From Now," a new musical fantasy by J. J. Burns, Bryan and Klein, now playing at the Tremont theatre, Boston, relates the following story of a youngster who had obtained a permit to fish on the preserves of a wealthy gentleman. One day the game warden surprised him and another fishing for trout. Instantly the youngster with the permit dropped his rod and made off into the woods with the warden behind him. After a chase of a mile he was caught.

"Now, you young rascal," said the gamekeeper, "have you a permit?" "Yes, sir," panted the boy, and produced it.

"Well, why on earth did you run away, then?" "To let the other boy get away, sir; he didn't have a permit."

Press Eldridge is informing the newspaper fraternity that he will be commander-in-chief of the army of fun, known as Al G. Field's "Greater Minstrels."

Curt Gosnell had a good day at Dayton yesterday winning the 2:30 trot with Billy Redfield, and getting second in the 2:24 pace with Flying Jim. At Hamilton, but one Lima horse made a start, Boop, finishing last with Amber, in the 2:23 trot.

Mr. Carl C. Cron, who for the past two years has had charge of the Standard Oil Co.'s office on east Pearl street, has for the past week been confined to his bed and an early recovery is hoped for by his many friends. After Mrs. Cron's recovery he will take a much needed rest for a month or more, after which he will resume his old duties, which has been filled temporarily.

E. E. Poole, formerly freight agent for the Lake Erie & Western railroad, in this city, now living in Cleveland, where he has headquarters as general freight inspector for the Lake Shore road, was in the city last night.

A biographical sketch of Miss Susan B. Anthony and the address given at her funeral have been published in pamphlet form, and may be had at Woman Suffrage headquarters at Warren, O.

W. L. Russell is keeping men steadily at work removing the earth from the Ashton lot on west Market. When asked this morning as to the nature of the improvement to be made there, Mr. Russell said he was as yet undecided. "I have three or four propositions from business men desiring me to build them a structure especially adapted to their mercantile lines. I may accept one of these. The lot will be improved, but whether it will be for some one house, or whether simply two or three business rooms in a two-story structure, I can not as yet decide."

J. W. Norris, who has been here at the Orpheum theatre, this week, will quit tomorrow Saturday night and become a Lima business man. He has leased the west room in the Orpheum theatre building and will put in a first-class ice cream, and confectionery store. Mr. Norris will move his family here from New York and has rented a home on south Elizabeth street.

The Finance committee of the city council will meet with the various heads of the different city departments tonight and outline the appropriation ordinance covering the expenditures of the city for the next six months.

THE FORD 6-CYLINDER TOURING CAR.

The Silence of an Electric, the Flexibility of a Steam Engine and More Reserve Power Than Any Car of Its Weight in the World.—Mr. W. L. Russell Buys One of These Magnificent Touring Cars.

After a careful examination, together with an expert engineer, of all the American and foreign makes of high powered cars, Mr. Russell finally placed his order with the agent here, W. E. Rudy, for a Ford Model K, six cylinder car.

What Six Cylinder Means.

More power. Less weight. Is practically a gasoline turbine. Has no dead center—no moment of inertia.

No loss of momentum between impulses—requires only 20-pound fly wheel.

A single cylinder of the same power would require a 1000-pound fly wheel, a four-cylinder 500-pounds, while an eight-cylinder will require 150-pounds. Because, contrary to the general supposition, the eight-cylinder with cranks set at right angles is not so well balanced as the six-cylinder with cranks at 120 degrees, the ultimate of gas engine design.

Has lighter power impulse and absolutely no vibration, which means longer life to tires and cars. Less liability of crank shaft crystallizing and breaking, because of the absence of heavy power impulses or shocks.

Greater latitude of speed and power and control, making transmission gears almost unnecessary.

Less wear and tear on the engine, because each cylinder has less to do.

Greater reserve power. Practically a self-starting motor, for at all times one of the six pistons is in the right position to receive the impulse by throwing on the switch.

All these points can be proven to you to your satisfaction if we can give you a demonstration.

Twenty-five leading foreign manufacturers are building six-cylinder cars.

All entries so far for Vanderbilt cup run are for six-cylinder cars.

The motor boat that made the wonderful fast trip across the Atlantic ocean had six-cylinder motors.

Don't allow the year behind deal or to influence you. Investigate this car for yourself.

Sold only by W. E. Rudy.

HINTS TO FISHERMEN.

Open the stomach of your first fish. What they are feeding on is the right bait to use.

Keep frogs in a box perforated with holes. Keep plenty of grass in the box and do not give them water. They will keep in lively condition thus far ten days.

If you are a hard bait or fly caster, it is best to have an extra reel. In case the one you are using goes to pieces.

To catch frogs take the landing net. Throw it over the frog, give it a quick flip and the frog is inside.

Polish your tackle before starting out. Spoons, lures and hooks should always be in first-class order.

South and west winds are best for fishing. When the wind is in the north or east just be around and wait for it to shift.

Fly casting can be made perfect by practice. The rule among trout fly casters is to use the smallest possible line, but the larger the line the easier the cast.

An authority declares that a pound trout should not pull more than eight ounces in his fight against being landed.

After trout fishing the leaders should be dried. Hang the line from the limb of a tree, placing a light weight on the lower fly or the end of the leader. Then roll it up and get ready for the next trip.

A good fly for bass is the "black-tail". It is made from the hair of the deer tail and will not rust.

Don't wash fish. When it is desired to keep them, simply draw and wipe them.

USED BIBLE AS WEAPON.

(Spokane Spokesman-Review.)

The bible was used with telling effect as a weapon of corporal punishment by G. W. Rusk in chastising his wife. He claimed that his wife was trying to prevent their young children from holding a prayer meeting. "I struck my wife a light tap with the bible because I told God to be above everything else," he explained in Justice Hinkle's court. When urged to explain, he said: "I was using the word of God."

May Live 100 Years.

The chances for living a full century are excellent in the case of Mrs. Jennie Duncan, of Haynesville, Mo., now 70 years old. She writes: "Electric Bitters cured me of Chronic Dyspepsia of 20 years standing, and made me feel as well and strong as a young girl." Electric Bitters cure Stomach and Liver diseases, Blood disorders, General Debility and bodily weakness. Sold on a guarantee at H. F. Vorkamp's drug store. Price only 50c.

THE CHEAPEST FUEL IS WOOD.

All clear, solid wood, second growth ash from sound stock. Just the fuel for ranges and cooking stoves. Prompt delivery made. Order from the Handle Factory, corner Kirby street and Central avenue. 91 Lima telephone. 223-11.

Half the World Wonders.

How the other half lives. Those who use Bucklen's Arnica Salve never wonder if it will cure Cuts, Wounds, Burns, Sores and all skin eruptions; they know it will. Mrs. Grant says: "I regard it as one of the absolute necessities of housekeeping." Guaranteed by H. F. Vorkamp, druggist, 25c.

THROUGH A WINDOW

Drunken Prisoner Shoved One of His Feet While In a Hack.

THE "PATROL WAGON"

Had Been Called Because the Man Was Too Unruly to Walk.

James McAdams, chambermaid in a livery stable, who has appeared in mayor's court before, was arrested on east Market street by Capt. Wingate at 7:15 o'clock last night, on the charge of drunkenness. He gave the captain a battle and was thrown by the latter and held until assistance arrived. He was then placed in a hack and hauled to the police station and while en route to the bastille he managed to do some damage to the "patrol wagon" by ramming his foot through a window and by breaking a door frame. He was locked up for the night and today was fined \$5 and the costs.

E. H. Chase and H. A. Harper, arrested on St. Johns avenue by patrolman Snider, on suspicion, J. H. Rainey, Chas. Hunter and J. F. Young, arrested on charges of vagrancy by Patrolman Schlechter and C. E. Detective Fenstermaker; C. E. Beard, arrested by Fenstermaker, and Casper Eiting, arrested by Detective Irwin, for riding trains, which were each sentenced to thirty days in the Toledo work house this morning. The sentences will be suspended, however, on the promise of the men to leave the city at once.

Leo Mann, charged with drunkenness, was fined \$5 and costs.

During the summer kidney irregularities are often caused by excessive drinking or being overheated. Attend to the kidneys at once by using Foley's Kidney Cure. For sale by Wm. M. Melville, old postoffice corner.

ONE OF THE OLDEST AND BEST BANDS IN OHIO IS THE SIDNEY BAND, AT McCULLOUGH'S LAKE SUNDAY.

NOTICE.

There will be a business meeting of the First Christian Sunday school this Friday evening at eight o'clock, at the church, corner West and Elm streets. All members of the school are urged to be present. By order of the superintendent.

War Against Consumption.

All nations are endeavoring to check the ravages of consumption, the "white plague" that claims so many victims each year. Foley's Honey and Tar cures coughs and colds perfectly and you are in no danger of consumption. Do not risk your health by taking some unknown preparation when Foley's Honey and Tar is safe and certain in results. The genuine is in a yellow package. For sale by Wm. M. Melville, old postoffice corner.

EXCURSION TO DETROIT SUNDAY, JULY 8TH.

The Detroit, Toledo & Ironton Ry. will run special excursion to Detroit and return Sunday, July 8th. Special train will leave Lima at 6:00 a. m. Fare for the round trip \$1.50. Returning leave Detroit at 6:00 p. m.

OPERATION

Performed On Mrs. F. Hutter at the Hospital.

Mrs. Frank Hutter, of Beaverdam, underwent an operation in the city hospital this morning for relief from an ailment peculiar to her sex. The operation is believed to have been successfully performed and, this afternoon, the patient was reported to be resting well.

Quick Relief for Asthma Sufferers.

Foley's Honey and Tar affords immediate relief to asthma sufferers in the worst cases and if taken in time will effect a cure. For sale by Wm. M. Melville, old postoffice corner.

NOTICE.

Royal Neighbors of America will hold their regular session Saturday evening, July 7th, in Gazette Hall. All members are requested to be present as there is business to be settled before adding the books. By order of the recorder.

When applied and covered with a hot cloth, Pinesalve acts like a poultice. Best for burns, bruises, boils, eczema, skin diseases, etc. Sold by H. F. Vorkamp.

BULLETIN.

Youngstown, O., July 6.—Coroner C. M. Kline, found Elsie Anderson came to her death through violence at the hands of her stepmother, Jennie Anderson.

You can see the poison Pinesalve clears out of the kidneys and bladder. A single dose at bedtime will show more poison upon rising. Pinesalve the system in any other way. Pinesalve dissolves the impurities, lubricates the kidneys, cleanses the bladder, relieves pain and do away with headache, rheumatism, permanently. Sold by H. F. Vorkamp.

See Hoover & Co.'s Window for Saturday's Specials.

Rheumatism

in all its varied forms can be cured by

Athlophoros

because it acts directly on the cause, uric acid in the blood.

If you doubt it, send us your name and your druggist's name and we will mail you a liberal trial bottle—FREE.

The Athlophoros Co., New Haven, Conn.

ALL GUARDS ARE TO BE WITHDRAWN.

Steubenville, O., July 6.—All guards now on duty at the Plum Run and Bradley mines will be withdrawn and Deputy Sheriffs will be substituted. It was deemed the only way to preserve peace, since it is claimed by Corner Campbell that the guards were at fault in the riot.

Stimulation Without Irritation.

That is the watchword. That is what Orino Laxative Fruit Syrup does. Cleanses and stimulates the bowels without irritation in any form. Sold by Wm. M. Melville, old postoffice corner.

MUTINY OVER.

Batum, Trans Caspia, July 6.—The mutiny of troops here is ended. The ringleaders escaped whereupon their followers yielded and are confined in the fortress.

Duss, the eccentric band master and director, and his famous band have been booked for two concerts at the White City, McBeth's, on the afternoon and evening of the 14th of this month.

The cleansing, antiseptic and healing properties of Pinesalve make it superior to family salves. Sold by H. F. Vorkamp.

GRAND FRATERNITY.

Members of Ft. Amanda Branch No. 108 are requested to meet in their hall this evening promptly at 8 o'clock for team practice. By order of Commander.

C. CRADY.

"Behold the Western sky, Where people live but never die." The reason for this is plain to see. They all take Rocky Mountain Tea. H. F. Vorkamp.

KING ALFONSO SHIFTS CABINETS.

Madrid, July 6.—King Alfonso today sanctioned the appointment of the following ministry to succeed the cabinet headed by Moret, Y. Prendergast, which resigned yesterday. Premier and minister of war; Field Marshal Lopez Dominguez; Minister of Foreign Affairs, Senor Gullon.

Minister of the interior—Bernabe Davila.

Minister of finances—Navarro Rivero.

Minister of public works—Garcia Prieto.

Minister of Marine—Senor Alvarado.

Minister of instruction—Amalio Gimeno.

Minister of justice—Count Romanones.

Although the Moret cabinet disappears, the new ministry represents the same general policy, consisting of prominent men representing the various liberal groups in the senate and the chamber of deputies.

For bloating, belching, sour stomach, bad breath, malassimilation of food, and all symptoms of indigestion, Ring's Dyspepsia Tablets are a prompt and efficient corrective. Sold by H. F. Vorkamp.

FAITHFUL NURSE

OF GRANT IS DEAD.

Washington, July 6.—Harrison Trell, who became well known throughout the country during the last years of the life of General Grant as his faithful attendant and nurse in New York and Mt. McGregor, died in this city last night. While on duty in the war department yesterday he fell and fractured his skull.

OHIO CROP REPORT.

Columbus, July 6.—Ohio wheat held its own in the July report issued today and harvest finds the state with a crop far above the average in condition but below it in area. Because of the low acreage, an average total yield cannot be expected. Wheat condition is 95; barley 86; rye 90; oats 76 and corn 86.

The wheat area is 1,859,391 acres and the corn 2,792,954.

JUDGE LEMERT PULLS DOWN PLUM.

Columbus, July 6.—Governor Harris has decided upon another member of his official family. As was generally expected he has selected Chas. G. Lemmert, of Kenton, to be his executive clerk and he will report next Monday to succeed Mr. Black, who was placed in that position by Governor Pattison.

THE ASHTON FUNERAL.

The funeral of the late Francis Ashton will be held from the late residence of the deceased, at Market and Pine streets, Monday morning at 10 o'clock. Full details of the funeral services have not yet been arranged.

THROAT AND ITS OPPOSITE.

Figured on the basis of the total number of depositors, the per capita deposits of all the savings banks in this state for the last year was about \$17, or 32 cents per week.

It would be nonsense to argue that 23 cents a week represents anything like the amount of money that could be saved if the feeling of the necessity for saving were more general. The rich man has automobiles, summer cottages and the other superfluities which are possible to wealth. His neighbors attempt to imitate his extravagances, and before they realize it are hopelessly involved in debt, and if bad times or other misfortunes should happen they are ruined forever.

A dear old lady who has lived all her life in an atmosphere of refinement and culture, discussing recently this question with the writer, said when she was a little girl her father and mother were considered well-to-do, but she remembered when a baby sister was born that her mother cut over one of her aprons to make dresses for the new-comer. Her grandson, married recently, has no particular prospects in life, and with no expectation of wealth, paid for the baby's outfit, out of a scanty salary, not less than \$100, irrespective of doctor's bills and other necessities.

This modern spendthrift habit extends into every feature of our modern life. We buy unnecessary luxuries from which no substantial return is derived, and are sowing thereby the seeds of future suffering.

High wages, short hours and all the advantages which modern progress have brought to humanity are of permanent value only if the results make for a better citizenship. The base of good citizenship is having a stake in the community. Automobiles, costly vacations, fine dresses and jewelry cannot give the happiness that a little home and a comfortable balance at the savings bank can bring.—Boston Traveler.

Modest Claims Often Carry the Most Conviction.

When Maxim, the famous gun inventor, placed his gun before a committee of judges, he stated its carrying power to be much below what he felt sure the gun would accomplish. The result of the trial was therefore a great surprise, instead of disappointment. It is the same with the manufacturers of Chamberlain's Colic, Cholera and Diarrhoea Remedy. They do not publicly boast of all this remedy will accomplish, but prefer to let the users make the statements. What they do claim, is that it will positively cure diarrhoea, dysentery, pains in the stomach and bowels and has never been known to fail. For sale by all druggists.

DOG'S MIND BECOMES A BLANK.

(New York American.)

That his dog, a valuable mastiff, was suffering from aphasia, induced by fright, was the remarkable announcement made by a veterinary yesterday to Walter Perkins, of Morris Park, L. I.

The mastiff had been acting very strangely since the terrible windstorm which visited the vicinity on Saturday night, when a particularly rowdy gang of wind carried him, in his kennel, 600 feet.

When Mr. Perkins missed the dog the next morning he had but to follow the course of the wind of the previous night. He found the mastiff cowering in his kennel, which had landed in an upright position. The dog had apparently passed a sleepless night after the house-raising episode, and was almost paralyzed with fear.

When dragged into the open he gazed at his master with unrecognizing eyes. Each member of the family was brought before the animal in succession, and it knew none of them, although it had been raised from a pup by the Perkinses and was regarded almost as one of the family.

Meat which was placed before the dog as a test was devoured, but it was apparent that he ate automatically and did not recognize the meat as food.

A hundred years ago the best physicians would give you a medicine for your heart without stopping to consider what effect it might have on the liver. Even to this good day, cough and cold medicines invariably bind the bowels. This is wrong. Bee's Laxative Cough Syrup with Honey and Tar acts on the bowels—drives out the cold—clears the head, relieves all coughs, cleanses and strengthens the mucous membranes of the throat, chest, lungs and bronchial tubes. Sold by H. F. Vorkamp.

VACATION TOURS.

26-Saw-70 July 25

Were you ever at a dinner party or an evening affair in which an undertaker was a guest? Doctors are often present, and why is it that social life is denied the undertaker, while the doctor is really the guilty packer's trust can't be held responsible for that, can it?

ITS MERIT IS PROVED

RECORD OF A GREAT MEDICINE

A Prominent Cincinnati Woman Tells How Lydia E. Pinkham's Vegetable Compound Completely Cured Her.

The great good Lydia E. Pinkham's Vegetable Compound is doing among the women of America is attracting the attention of many of our leading scientists, and thinking people generally.

The following letter is only one of many thousands which are on file in the Pinkham office, and go to prove beyond question that Lydia E. Pinkham's Vegetable Compound may be a remedy of great merit, otherwise it could not produce such marvelous results among sick and ailing women.

Dear Mrs. Pinkham:—About nine months ago I was a great sufferer with female trouble, which caused me severe pain, extreme nervousness and frequent headaches, from which the doctor failed to relieve me. I tried Lydia E. Pinkham's Vegetable Compound, and within a short time felt better, and after taking five bottles of it was entirely cured. I therefore heartily recommend your Compound as a healthy and reliable remedy for all the monthly female and without pain; and what a blessing it is to find such a remedy after so many doctors fail to help you. I am pleased to recommend it to all suffering women. Mrs. Sara Wilson, 31 East 3rd Street, Cincinnati, Ohio.

If you have suppressed or painful periods, weakness of the stomach, indigestion, bloating, pelvic catarrh, nervous prostration, dizziness, fainting, "don't-care" and "want-to-be-left-alone" feeling, excitability, backache or the blues, these are sure indications of female weakness, or some derangement of the organs. In such cases there is one tried and true remedy—Lydia E. Pinkham's Vegetable Compound.

JOHN M. BOOSE,

Real Estate and General Insurance Agency, 200-201 Black Block.

C. H. FOLSOM, Real Estate and Loan Broker, Rooms 1 and 2, Holmes Block.

INDIANS AS FISHERMEN.

The mountain streams of Indian Territory, which abound in game fish, principally black bass, have been as clear as crystal for the last 10 days and the Indians have been having great sport gigging them.

In a mountain stream in the territory when the water is clear the bottom can be seen through six feet of water, and this makes gigging a great sport for the Indians. They are experts with the canoe and the gig, and spurn the finest fishing tackle in the way of rod and reel, as it is too slow sport for them.

It is interesting to watch a couple of Indians gig fish. With the long, slender reed, tipped and barbed with steel, one Indian leans over the prow of the canoe while the other with his paddle gently and noiselessly lets the canoe slide up to the big rocks and around the logs in deep water, where the bass and catfish lie. The Indian carries his gig upright and ready to strike at any time.

With his face not six inches above the water, his keen eyes scan the bottom and he will locate a bass or catfish lying partly under a rock or log that would never be seen by the average fisherman. The stroke of the dexterous arm is like lightning, and in a flash the fish is speared through and lifted into a boat.

There is no struggling to land him, no excitement of winding in the line, for the Indian hunts for game and not for sport.

An Indian seldom misses his fish, when he throws the gig. And his motion is so perfect and his balance so even that there is scarcely a tremor in the boat, while the angler is likely not only to miss his fish two feet but stand on his head in the water besides.

The greatest evil we know anything about in connection with canned meats, is the pile of tin cans allowed to accumulate in the alley, and the big social life is denied the undertaker, while the doctor is really the guilty packer's trust can't be held responsible for that, can it?

As a dressing for old chronic sores there is nothing so good as Chamberlain's Salve. While it is not advisable to heal old sores entirely, they should be kept in a good condition for which this salve is especially valuable. For sale by all druggists.

Old Chronic Sores.

G. B. Barham Testifies After Four Years.

G. B. Barham, of Carlisle Center, N. C., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It entirely stopped the brick-dust sediment, and pain and symptoms of kidney disease disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed and I am evidently cured to stay cured, and heartily recommend Foley's Kidney Cure to any one suffering from kidney, or bladder trouble. Wm. M. Melville, old postoffice corner.

BUTLER WELLS

Made Good Producers
by the MenWho Recently Purchased
Them and Then Drilled
Them Deeper.

IN WYANDOT COUNTY.

Territory Is Spotted But
Wells Have Quality of
Being Stayers.Considerable Work Is Going
On In Northwestern
Ohio Counties.

Butler, O., July 5.—It is a question open debate whether success in the oil business is more dependent on luck or close application to business. The same as in other lines of work, the success of the parties that purchased the property of the Butler Oil and Gas company at receiver's sale a few weeks ago might appropriately be put under either the class of good luck or of good business judgment.

The property was recently sold for \$2700 and was supposed to have been of little value except for old junk. But the purchaser thought different. One well was only making a few barrels and the other was making nothing at all. As soon as the new owner took possession he proceeded to drill the old well that made nothing at all deeper and found a pay. It had never been shot in the first place, and he gave it a heavy shot and the well responded nicely and started in at half a hundred barrels, and he is now drilling deeper the initial well that made Butler famous as a "White Oil" field.

To the northwest about 15 miles and about 3 miles southwest from Mansfield, the Mansfield Oil & Gas company has drilled in well No. 1 on the Andrew Burdison farm, in Madison township, Richland county. A flow of gas was struck in the shale formation at a depth of 1925 feet. When the tools were removed it completely cleaned out the hole of all drillings. A slight showing of crude was also found with the gas, out of a darker color than the crude found in the Butler wells. The owners are drilling the well deeper and in the second sand below only a few feet below the gas sand salt water was encountered. The water was forced out the hole by the heavy gas pressure and flooded the land around the derrick. The salt water will be ceased off and the owners have concluded to make a deep test of

The Genoa Field.

In Clay township, Ottawa county, in the Genoa field, C. A. & H. W. Leepers No. 6 on the E. Dolph farm, section 27, pumped 35 barrels. Leeper & Klausner No. 2 on the Richards farm, section 22 pumped 30 barrels. Harry G. Hammonds No. 1 on the Timm farm, same section, pumped 26 barrels, and he is drilling No. 1 on the C. H. Carstel farm, same section. Wolfe & Klausner No. 5 on the Wm. Coleman farm, pumped 30 barrels, and No. 6 is drilling. Leeper & Klausner are drilling No. 2 on the S. C. Geiger farm, section 22. Sparks & Owens are at work on No. 3 on the Pearl heirs farm, section 21, and H. R. Klausner & Co. have No. 1 under way on the H. Stevenson farm, section 21.

In Union township, Ottawa county, the East Union Bank company, No. 2 J. Myerholtz farm, section 15, pumped 20 barrels. No. 3 is drilling and No. 4 is on up on the same farm. Dressler & Hammond have abandoned No. 1 on the A. Shultz farm, section 4.

In Clay township, John Weber's No. 3 on the J. B. Thorp farm, section 4, pumped 40 barrels. No. 4 same farm, pumped but 15 barrels. The Williams Oil company is drilling No. 13 on the P. Foster farm, section 35. Wolfe & Klausner are at work on No. 2 on the Gest Reidman farm, section 16. No. 1 on this farm, pumped 70 barrels. Van Fleck, Graham & Van Fleck are drilling No. 1 J. A. Busch farm, section 6, and Attie I. Hoffman is drilling No. 1 on her farm, section 21. The Attie Oil company has abandoned No. 2 and is on the Dowsy Stave company's property, section 24.

In Lucas County.

In Oregon township, Lucas county, W. W. Fenton & Co's No. 1 C. Mottmiller farm, in the southwest quarter of section 26, pumped 20 barrels. G. H. & L. C. VanFleck are drilling No. 18 Frank Sayan farm, section 26. Chous & Kaester are drilling No. 7 Thos. Garvey farm, section 30, and the Erie Oil company of Boston, is drilling No. 29 on the G. P. Niles farm, section 29, and Beaty-Nichols Oil company is drilling No. 5 on another farm, belonging to G. F. Niles in the same section.

In Monclova township, VanFleck, Graham & Van Fleck are drilling No. 1 on the Hill place, section 9. R. G. Stitt's No. 4 B. Randall farm, section 16, is making a showing for about 20 barrels.

In Jerusaletia township, the Crado Oil company is drilling No. 4 on the

D. Yoder farm, section 12.

In Wyandot County.

Down between Carey and Upper Sandusky, in Wyandot county development work has ceased to a certain extent, although an occasional gusher is drilled in, but the spotted nature of the territory has scared the oil men away. Those that are lucky enough to strike a well have a good thing as the staying quality of the wells are better than in the average field. The Ohio Oil company's No. 26 on the A. C. Whaley farm, section 21, that started pumping at 125 barrels a week or so ago, is still holding up at close to 100 barrels a day, while on another part of the same farm the Wyandot Producing and Refining company's No. 27, only pumped about 10 barrels. The Ohio company is drilling No. 27 on the Whaley farm; No. 6 on the F. Pahl farm, section 33, and No. 25 on the G. W. Stevens farm, same section, and have rig up for No. 26. T. B. Allen & Co's No. 1 on the A. Ogg farm, section 28, was a real duster, while the same firm's No. 11 on the T. B. Allen farm, pumped about 25 barrels, and No. 12 is drilling. The Ohio Oil company's No. 24 on the S. W. Stevens farm, pumped 20 barrels.

In Salena township, the Maloney Oil company's No. 6 F. & J. Bhan farm, section 2, pumped less than 10 barrels. The Ohio Oil company abandoned No. 3 and 4 on the M. Swavel farm, section 12.

Illinois Gushers.

In the Crawford county field, in Obion township, the Mahutka Oil company has drilled in wells No. 3 and 4 on the C. Shire farm, section 10, and they are reported good for 150 barrels each. No. 1 the initial well that opened up the pool has been drilled in and given a shot, and is said to be good for about 300 barrels. No. 2 is also a fine producer. The Minnetonka Oil company's No. 2 Imboden farm, section 10, flowed 150 barrels at one flow when the pay was struck. Anchor & Seybolt's No. 1 W. E. Mitchell farm, section 17, is estimated at 100 barrels. Duff & McClintocks No. 1 Murphy farm, section 17, produced 150 barrels.

The old time method of purging the system with Carthartics that tear, gripe, grind and break down the walls of the stomach and intestines is superseded by Dade's Little Liver Pills. They cleanse the liver, and instead of weakening, build up and strengthen the whole system. Relieve headache, biliousness, constipation, etc. Sold by H. F. Vorkamp.

HOMELESS CHILDREN.

Good homes are wanted all the time for bright boys and girls and for infants. Homes in the country preferred. Every effort made to secure satisfaction. Write for booklet describing our work and state what you want. Address R. A. Longman, The Children's Home, 312 West 9th street, Cincinnati, Ohio. 27-1 w*

Bowel Complaint in Children.

During the summer months children are subject to disorders of the bowels which should receive careful attention as soon as the first unnatural looseness of the bowels appears. The best medicine in use for bowel complaint is Chamberlain's Colic, Cholera and Diarrhoea Remedy as it promptly controls any unnatural looseness of the bowels. For sale by all druggists.

Bright eyes are an infallible index to youth, windows from which Cupid shoots his arrows. Hollister's Rocky Mountain Tea makes bright eyes, rosy cheeks. Tea or tablets, 35 cents. H. F. Vorkamp.

INDIANAPOLIS EXCURSION.

Lake Erie and Western R. R., Sunday, July 8th, 1906. \$1.50 for round trip. Train leaves at 1:40 a. m. July 2-4-6

THE MURDERER STILL AT LARGE.

Girard, O., July 6.—An argument between Mariotto Devo and Antonio Bahahale last night, in Dominica Hills place ended in the murder of the former. Both were rivals for the hand of Carmine, the landlady's daughter. In a melee Bahahale stabbed Devo, the favored suitor, and the injuries resulted in death. The murderer is still at large.

CASTORIA.

The Kind You Have Always Bought

SCULPTOR IS AT HIS SUMMER HOME.

Windsor, Vt., July 6.—Augustus St. Gaudens, the sculptor, who is at his summer home in Cornish, N. H., and who has been in ill health for some time past was busily at work when seen today. He has not been confined to the house since his arrival at Cornish a few days ago. At his home today it was noted that Mr. St. Gaudens had undergone any operation for the removal of a cancer.

STOCK MARKET

Majority of Stocks Were
Lower,Yet a Few of the Leaders
Made Advances That
Were Sharp.

WHEAT MARKET WEAK

Chiefly Because of Favorable
Weather In Wheat
Growing Areas.Quotations on Live Stock,
Grain, Produce and
Provisions.

New York, July 6.—The majority of stocks opened in the market today at lower prices than last night but some of the market leaders made sharp advances. Great Northern preferred 2-1-2, General Electric and American 1-1-2 and Northern Pacific 4 point. Southern Pacific, Baltimore and Ohio and U. S. Steel paid were also a fraction higher. St. Paul on the contrary fell a point, New York Central and Knickerbocker Ice 1-1-4 and Pennsylvania, Reading, Brooklyn Transit, and American Locomotive large fractions. The dealings were on a moderate scale.

Higher prices of the final hour were the best of the day but exceeded the previous level only by fractions. The demand was light but dull at the advance. St. Paul's gain reached 3, Union Pacific 2-1-8; Delaware and Hudson 4-1-2; Anaconda 6; Consolidated Gas 2-1-2; United States Steel pfd 2 and C. C. C. & St. Louis, Chicago Northwestern, Amalgamated Copper, Interborough Metropolitan pfd, Brooklyn Transit 1-3-4. The closing was moderately active and strong.

Live Stock.

Chicago, July 6.—Cattle receipts 3,000, market steady; Beefves \$4.10 @ 4.15; cows and heifers \$1.30 @ 5.20; stockers and feeders \$2.60 @ 4.50; Texans \$3.70 @ 4.00.

Hogs receipts 21,000, market 5 cents lower. Mixed and butchers \$6.35 @ 6.50; good heavy \$6.65 @ 6.77 1/2; rough heavy \$6.20 @ 6.50; light \$6.35.

Pigs \$5.75 @ 6.00; bulk of sales \$6.75.

Sheep receipts 10,000 market strong. Sheep \$4.00 @ 6.15; lambs \$5.55 @ 7.35.

Wheat Easy.

Chicago, July 6.—The wheat market opened weakly today chiefly because of the favorable weather in the northwest and southwest. The increased receipts at Minneapolis over those of last week also tended to weaken prices. Trading was not heavy. September wheat opened unchanged to 1/4 lower at 79 1/2 to 79 3/4 and declined to 79 1/4.

A favorable crop report from Missouri eased September corn off to 51 1/2.

On improved weather conditions September oats declined to 35 cents. September provisions opened steady, pork at \$17.20; lard at \$9.02 1/2 @ 9.05, and ribs at \$9.52 1/2.

Toledo Grain.

DINES WITH PRESIDENT.

Oyster Bay, July 6.—President Roosevelt will entertain at luncheon today Sir Joseph George Ward, premier of New Zealand. His engagement with the president was arranged through Sir Mortimer Durand the British ambassador. Before proceeding to the Pacific coast, whence he is to sail for New Zealand, Sir Joseph will visit Washington and meet Postmaster General Cortelyou and several of the officers at Washington.

RHEUMATISM.

Mrs. Cota, Confined to Bed
and in Constant Pain,
Was Permanently Cured by
Dr. Williams' Pink Pills.Every Sufferer From Rheumatism
Should Read This Statement
of a Grateful Woman.

Rheumatism can be inherited and that fact proves it to be a disease of the blood. It is necessary, therefore, to treat it through the blood if a permanent cure is expected. External applications may give temporary relief from pain but as long as the poisonous acid is in the blood the pain will return, perhaps in a new place, but it will surely return. Dr. Williams' Pink Pills cure rheumatism because they go directly to the seat of the disorder, purifying and enriching the blood.

Mrs. Henry Cota, of West Cheshire, Conn., is the wife of the village machinist. "Several years ago," she says, "I was laid up with rheumatism in my feet, ankles and knees. I was in constant pain and sometimes the affected parts would swell so badly that I could not get about at all to attend to my household duties. There was one period of three weeks during which I was confined to the bed. My sufferings were awful and the doctor's medicine did not help me.

"One day, a neighbor told me about Dr. Williams' Pink Pills and I decided to try them. After I had taken them a short time I was decidedly better and a few more boxes cured me. What is better, the cure was permanent."

Remember Dr. Williams' Pink Pills do not act on the bowels. They make new blood and restore shattered nerves. In this way they carry health and vigor to every organ and fiber of the body. They are sold by all druggists, or will be sent, postpaid on receipt of price, 50 cents per box, six boxes \$2.50, by the Dr. Williams Medicine Co., Schenectady, N. Y.

PERSONAL MENTION.

Mr. and Mrs. Charles Hillbaugh, of Milburn St., spent the Fourth with relatives and friends at Harrod Ohio, and returned home yesterday.

J. J. Poage, of McPherson avenue, left this morning for Harrison, Tenn., to attend the funeral of his brother, S. A. Poage, of that place.

Master Elmer and Harvey Johns, of Sidney, spent Wednesday and Thursday with their aunt, Mrs. Maude Wolfe, of St. Johns avenue.

Mrs. James McFarland, of St. Marys, O., and Mrs. Chas. Zoll and daughter Louise, of Alexander, Ind., are visiting friends in this city.

Miss Maud Kerr, of the Allen County Building & Loan Co., will spend Sunday with her parents in Ada.

Mrs. Chas. Allison, Mrs. Jos. Stratton and Mrs. Harry Reed have returned from Marion, Ind., where they have been visiting Mrs. B. F. Long, formerly of Lima.

Miss Margaret Welsh, of Grove City, Pa., has returned to this city for the summer and is the guest of her sister, Mrs. D. P. O'Connor.

Mrs. Frank Moore and children, of Ft. Wayne, are the guests of her parents, Mr. and Mrs. Louis Snook, of north Elizabeth street.

Sister Ambrosia, formerly Miss Anna Vandevan, of Lima, accompanied by Sister Maleta, of Delhi, O., are here visiting the former's parents, Mr. and Mrs. Wm. Vandevan, of north McDonnell street.

Carl Cron, who has been ill for the past week at his room on north Elizabeth street, was taken to his home in Celina, today.

Mr. Thomas McTigue, a prominent wholesale grocer of Binghamton, N. Y., accompanied by his daughter, Miss Mary, arrived here today to visit his sister, Mrs. D. E. Collins, of Bellefontaine avenue.

Mr. and Mrs. W. J. Schafer and sons, Roy and Willie, have returned from a very pleasant visit in Cincinnati and Dayton, Ky.

Hume Frazer, of Youngstown, O., is visiting friends at Hume.

Mrs. D. A. Brookhart and son Charles, of Youngstown, O., are visiting Mr. and Mrs. C. B. Curtis, of south Metcalf street.

Mr. Harley Sereff and friend, Edith Kneisley, of Dayton, are spending the week with his parents, Mr. and Mrs. Wm. Sereff.

NEW FIRST BASEMAN.

Cincinnati, July 6.—First Baseman J. W. Dent, of the Lancaster, Pa. team, has been signed for the Cincinnati National League team and will play next Monday in the game in this city against New York.

FIVE DROWNED
INSTEAD OF FOUR.

Chicago, July 6.—Investigation today into the capsizing yesterday evening of a dingy containing seven members of the Illinois Naval reserve revealed that five men, instead of four were drowned. A revised list of the dead follows:

Anthony J. Capodice, Ralph Heeg, E. M. O'Carroll, Joseph Pines, Robert E. Schram. Only one body, that of Pines was recovered.

FOR SALE.

120 acres farm \$7200. 20 acre farm \$1500; 40 acre farm \$2500; 50 acre farm \$4400; 100 acre farm \$7000. All have good buildings and timber. Fifty other farms for sale, different sizes.

G. M. PEPPIE,
Room 25, Metropolitan Block,
Lima Telephone 1-1317-M.

CHECKMATED
BY GOVERNOR.

Constantinople, July 6.—Turkish attempt to seize further territory on the Persian frontier has been checkmated by the governor of Pushkar, who repulsed the invading force of three hundred Turkish regulars and seven hundred mounted Arab irregulars with considerable loss to the raiders. The council of ministers here has now instructed the Turkish commander, Zeki Zeash, to withdraw his troops from their most advanced positions and to avoid further causes for a rupture with Persia.

A Modern Miracle.

"Truly miraculous seemed the recovery of Mrs. Mollie Holt, of this Ford, Tenn., who was so wasted by coughing up blood from her lungs. Doctors declared her dead and so near that her family had watched by her bed side forty-eight hours; when, at my urgent request, Dr. King's New Discovery was given her with the assurance that improvement began, and continued until she finally completely recovered, and is a healthy woman today." Guaranteed cure for coughs and colds. 50c and \$1.00 at H. F. Vorkamp's drug store. Trial bottle free.

PROBABLY DROWNED.

Stuebenville, Ohio, July 6.—Fred W. Breen, ten years old, and Charles Oliver, twelve, sons of prominent people, have probably been drowned in the river here. They have been missing since yesterday and today their clothes were found along the river bank. The boys had been warned not to go to the river. Dynamite is being used in an effort to recover the bodies.

A daughter has been born to Mr. and Mrs. Kent Holland, of Mansfield, Ohio.

THAW'S MOTHER
IS ON WAY BACK.

London, July 6.—It is reported that Mrs. Thaw, mother of Harry K. Thaw, who is now in the Tombs, New York, charged with the murder of Stanford White, sailed for home today from Dover on the Hamburg-American line steamer Katharine.

Danderine

Grew This Hair

And we can PROVE IT

Testimonial No. 576.

MISS STELLA WELLS.

537 S. Humphrey Ave., Chicago.

Hair will not stop falling of its own accord, and the longer you let it go without treatment the thinner it becomes, and the more difficult to cure. Danderine just like sick people, will die if not cured. You can save the hair's life with Danderine. It makes the hair grow unusually thick and long, and gives it that natural gloss and beauty. NOW at all druggists, three sizes. 25c, 50c, and \$1.00 per bottle.

SIX NINETY-THREE

Wins the L. J. Keppler Seventy-Five Dollar Diamond Ring

RAFFLED OFF TODAY.

The Drawing Was Held at the City Hospital This Morning.

The board of Lady Managers of the Lima Hospital held a drawing at the hospital this morning, the prize being the diamond ring which was recently won in a voting contest by L. J. Keppler and donated to the hospital ladies to be raffled. Tickets were printed and sold by the ladies and they realized the neat sum of two hundred and thirty-nine dollars from the raffle.

Dr. S. B. Hiner, president of the hospital society, drew out the ticket and it was found to be number six hundred and ninety-three (693). The ring will be held for ten days and in the event of the lucky ticket failing to

THERE'S NOTHING LIKE HOSTETTER'S for curing and soothing the digestive organs, to restore the appetite, to open up the clogged bowels or to induce sound, refreshing sleep. Thousands have so testified during the past 53 years.

HOSTETTER'S STOMACH BITTERS will always cure and prevent flatulency, heartburn, vomiting, cramps, dyspepsia, diarrhoea, indigestion, headache, female ill or malarial fever.

appear within that time another drawing will be held, consequently the ladies urge the purchasers of tickets to retain their chances until they ascertain that the ring has been claimed by the person holding ticket number 693.

The ring is valued at seventy-five dollars. It is in the possession of Mrs. A. S. Bowers, wife of the proprietor of the Bowers bakery and the holder of the lucky ticket may claim the handsome piece of jewelry by presenting the number to her.

NOTICE.

The Ladies' Aid society of the German Reformed church, will have a sale of baked goods all day Saturday, July 7th, at Palmer & Owen's carriage shop, on west Market street.

BRAKEMAN INJURED

By Falling Between Freight Car and a Station Platform.

HEAD WAS SQUEEZED

And the Injured Man Is In a Serious Condition at the City Hospital.

Fred Fess, a well known railroad man who has been employed for some time on the Detroit, Toledo and Iron road, was brought to this city from Unioopolis last night and taken to Phos. Downey's hotel on Bellefontaine avenue and, later, was removed in Williams and Davis' ambulance, to the city hospital where he is in a serious condition and is being attended by the railroad surgeon, Dr. Chenoweth. Fess was injured while engaged as a brakeman on a freight train. The crew of the local train on which he was working had done some switching at Unioopolis and Fess had coupl-

ed up the train and attempted to board it as it was pulling out. He missed his hold in some manner and fell between a car and the high station platform. He was caught between the car and the platform and was squeezed. The attending surgeon has been unable to detect any fracture of the skull but the injured man bled very profusely at the ears, the result of internal hemorrhages and his condition is considered serious.

The injured man is a brother of William C. Fess, a well known former engineer on the Lake Erie and Western road.

THE WATSON CONCERT

On July 12th at Spring street lutheran church, Rhea Watson, piano and viola; Gail Watson, violin; Earl Watson, cornet, piano and cello, assisted by Miss Altschul, voice, will give a concert. This will afford an opportunity for Lima people to see the marvelous improvement that has been made by hard work with the best teachers. Tickets 25c. 9-21

The July Clearance Sale at Bluem's is worth looking after. Wash fabric can be bought very cheap there.

ANOTHER THOUSAND

The City Is Paying For Repairs on Water Works System.

NOW PLENTY WATER

For All Purposes and the Entire River Can Be Corraled.

Lima now enjoys a water supply equal and more to her every need, but the repairing of the intake line will cost the city just one thousand dollars more for the mistakes and errors of commission or omission of the last Board of Public Service.

This work has rapidly progressed until now it is possible to secure all the water that may flow in the river, whereas before only a small amount could be obtained, because the intake line was too high. In places instead of quick-sand as stated by the contractors, boulders and hard surface was encountered which required much work to overcome, and proved very expensive. Water is being used regularly from the new 600,000 gallon storage pond, but used only when the other supply is low, or inadequate.

"We have plenty of water for all purposes, no matter what the demand," said a member of the B. of P. S. this morning. "Lima residents need not fear the supply this summer."
